

TRANSFORM YOUR HOSTING BUSINESS WITH REMOTE DESKTOP SERVICES IN AZURE

USE CASES

CLOUD MIGRATION

Migrate existing desktop and application deployments to the Azure Cloud with our automation platform.

REMOTE APPLICATIONS

Help existing Azure RemoteApp (ARA) customers migrate from their current deployments. Deliver line of business and legacy applications for users from anywhere.

REMOTE DESKTOPS

Deliver desktops with apps, data, and services on any device while lowering the overall cost of desktop support and management.

AZURE CSP INTEGRATION

Bring your own Azure subscription (Pay-As-You-Go, EA or CSP) or leverage MyCloudIT subscriptions for a 10% discount on Azure costs. Create and manage new subscriptions on the fly with Azure Subscription Management feature.

WHY PARTNER WITH MYCLOUDIT?

SCALE YOUR HOSTING BUSINESS IN AZURE

With data centers nationwide and around the globe, a massive investment in data center innovation by Microsoft allows you to leverage Microsoft Azure and the MyCloudIT platform to expand your geographic footprint and provide the best RDS experience for users, wherever they are.

MANAGE MORE WITH LESS RESOURCES

The MyCloudIT platform automatically integrates with multiple Azure services, so you can rely on geo-redundant cloud storage for backup, get actionable insights from real-time monitoring, and deliver cloud solutions with 99.95% monthly SLA and industry compliance – All from a single dashboard, with no additional hardware or special Azure knowledge required.

FLEXIBLE & PREDICTABLE PRICING

Our solution is based on the Pay-As-You-Go pricing model, with no minimum requirement on the number of users. Use our built-in Cost Estimator and Automatic Scheduler to save 30% or more on your Azure consumption costs. In addition, you can bring your CSP account or leverage MyCloudIT's subscription for a 10% discount on Azure consumption.
